Spectrophotometer

Atomic Absorption Spectrometer

Flame

Automated 8-lamp turret
Single beam/Double beam

Atomic Absorption Spectrometer

Graphite Furnace

Automated 8-lamp turret
Autosampler optional

Atomic Absorption Spectrometer

Flame + Graphite Furnace + Autosampler

Automated 8-lamp turret
Single beam/Double beam

UV/Vis Spectrophotometer

M-X Series

11-inch touch screen
Flashing xenon lamp

Auto Sampling Spectrophotometer

SAS-800

Autosampler: 50-100 sample trays
Flashing xenon lamp

Micro-spectrophotometer

Nano-100

Flashing xenon lamp
With temperature Control system

UV/Vis Spectrophotometer

M Series

11-inch touch screen.
Single beam/Double beam

UV/Vis Spectrophotometer

K Series

10.1-inch touch screen
Single beam/Double beam

UV/Vis Spectrophotometer

K-T Series

7-inch color screen
Photomultiplier Tube

Spectrophotometer

UV/Vis Spectrophotometer

IT-600

10.1-inch touch screen
Double beam

UV/Vis Spectrophotometer

IT-500

10.1-inch touch screen
Single beam

UV/Vis Spectrophotometer

IT-400

10.1-inch touch screen
Split beam

UV/Vis Spectrophotometer

IT-300

7-inch touch screen
Bandwidth 2nm

UV/Vis Spectrophotometer

IT-200

7-inch touch screen
Support fast scanning

UV/Vis Spectrophotometer

IT-100

7-inch touch screen
Manual wavelength setting

UV/Vis Spectrophotometer

N5000/N6000 Series

7-inch color screen
Single beam/Double beam

UV/Vis Spectrophotometer

1900 Series

320*240 LCD
Double beam

UV/Vis Spectrophotometer

1800 Series

320*240 LCD
Single beam

Spectrophotometer

UV/Vis Spectrophotometer

1700 Series

128*64 LCD

The most cost-effective choice

UV/Vis Spectrophotometer

1600 Series

128*64 LCD

The most cost-effective choice

UV/Vis Spectrophotometer

1200 Series

70* 40mm LCD screen

An ideal choice for routine analysis

UV/Vis Spectrophotometer

1000 Series

4 LCD

An ideal choice for routine analysis

UV/Vis Spectrophotometer

Peltier/Sipper System

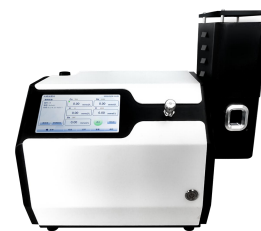

7-inch touch screen

Temperature setting range: 10-70°C

Flame Photometer

FP6450

7-inch touch screen

Direct reading of K, Na, Li, Ca, Ba concentration

YOKE

Shanghai Yoke Instrument Co., Ltd.

Add: No.228, Qingling Road, Fengxian, Shanghai, 201414, China

E-mail: sales@yoke-fac.com

Web: www.yoke-fac.com

Water Analysis

pH/Conductivity

M9 Series

Large touch screen
pH/mV/Cond/Res/TDS/Sal/Temp

pH/Conductivity/DO/Ion

P8 Series

7-inch touch screen
pH/mV/Cond/Res/TDS/Sal/DO/Ion/Temp

pH/Conductivity/DO/Ion

P7 Series

6.5-inch LCD screen
pH/mV/Cond/Res/TDS/Sal/DO/Ion/Temp

pH/Conductivity/DO/Ion

P6 Series

Portable type
pH/mV/Cond/Res/TDS/Sal/DO/Ion/Temp

pH/Conductivity

P3 Series

Pen type
pH/Cond

Potentiometric Titrator

KM-11

10-inch touch screen
Real-time display of curve and test result.

Potentiometric Titrator

KM-10

10-inch touch screen
Real-time display of curve and test result.

Potentiometric Titrator

KM-20

PC controlled design
Real-time display of curve and test result.

Color Titrator

KM-30

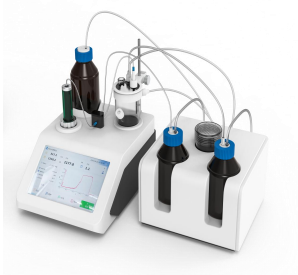

10-inch touch screen
Real-time display of volume and test result.

Water Analysis

Karl Fischer Titrator

KE-01

10-inch touch screen
Real-time display of curve and test result.

Mobile Water Analysis

Tests 50+ parameters
Dual power supply: battery + AC220V

Portable Water Analysis

Mini and lightweight only 1kg
Tests 50+ parameters

Multi-parameter Water Analysis

W9000

Over 40 pre-programmed test methods
Covering all spectrophotometer modes

COD Analyzer

P-COD

7-inch touch screen
Direct reading of concentration

Turbidity Meter

PT-2000H

Portable type
Direct reading of concentration

Digestion Instrument

YKJ-24S

7-inch touch screen
Dual-zone control

Digestion Instrument

YKJ-16A

128*64 LCD screen
Preloaded with 5 digestion programs

BOD Analyzer

YK-806A

Test Range: 0-4000 mg/L
Real-time display of test result

Chromatograph

Gas Chromatograph

GC-7860F

10-inch touch screen
Can be remotely operated via mobile APP.

Gas Chromatograph

GC-7860D

8-inch touch screen
3 detectors can be installed simultaneously.

Gas Chromatograph

Headspace Autosampler AHS-940A

Touch screen
Full plate heating

Ion Chromatograph

KIC-1800S

10-inch touch screen
Single or dual channel system

Ion Chromatograph

KIC-1800SI

Dual-channel system
Built-in eluent generator

Ion Chromatograph

Autosampler

7-inch touch screen
100-position

Ion Chromatograph

Anion Suppressor

Ion Chromatograph

IC Columns

Ion Chromatograph

Eluent Generator

Balance / Melting Point System

Balance 0.01/0.1/1mg

T Series

Large touch screen
Weighing Speed up to 2 Seconds

Balance 0.01mg

GE Series

120*55 mm LCD
External/ Internal calibration

Balance 0.1/1mg

GT Series

4.3-inch touch screen
External/ Internal calibration

Balance 0.1/1mg

FA/JA Series

120*55 mm LCD
External/ Internal calibration

Balance 10mg/100mg/1g

WP Series

7-inch touch screen
Weighing/Counting/Percent/Check/Animal

Balance 10mg/100mg/1g

YP Series

LCD display
Weighing/Counting/Percent

Moisture Analyzer

TSF Series

4.3-inch touch screen
Provide 2 modes of auto and timing.

Moisture Analyzer

DSH Series

LCD display
Provide 2 modes of auto and timing.

Melting Point System

MP-V360

10.1-inch touch screen
Temperature range: RT up to 360°C
