RAYSENX

Popsicle Straightening Brush

Model No.: RS-6052

- 18650 li-ion battery *2 cell , 2000mAh 50W
- Charging: Type-C, 5V/2A , 3.5H charging time
- Using 180 °C 30 mins, 200°C 25 mins
- PI film heating system, Heating up time 30s 160 °C
- Temperature 160-180-200 °C
- Ionic 100 Million ions/cm³
- Safety Design: Anti-scale, BMS protection, +Additional Independent battery thermal Protector
- Light weight design, 260g
- After No operation 20 mins Auto Power off
- Not Support Pass-through Charging

Cordless Straightening Brush

Model No.: QSCB-606

- 18650 li-ion battery *2 cell , 2600mAh (19.24Wh) 35W
- Charging: Type-C, 5V/2A , 4H charging time
- Using 180°C 55 mins, 200°C 50 mins
- PI film heating system, Heating up time 300s 200 °C
- Temperature 110-200 °C(+/-10 °C), Temperature Levels 10, LCD Temperature Display
- Ionic 100 Million ions/cm³
- Safety Design: Anti-scale, BMS protection
- User Interface: Click Button for ON/OFF and Temperature Switch
- Light weight design, 230g
- After No operation 30 mins Auto Power off
- Not Support Pass-through Charging

Raysen Flameiron Flat Iron

Model No.: RS-6056

- AC 100-240V 50/60HZ 40W
- PTC Heating System
- 160-180-200 °C (+/-5 °C) , Digital Temperature Display, Heating up time 30s 180 °C, Temperature Memory Function
- Ceramic Tourmaline Coating Plate, 110*25.4mm, 3D floating Plates
- Ionic Technology for Frizz Reduction, 100M/cm³
- User Interface: Click Button for ON/OFF and temperature Switch, plates Lock Button
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Good Finish, lightweight design, PA66 Handle Material
- 297*32.4*37.4mm 285g
- 360 swivel Power cord 2*0.75mm²

Raysen FlameCurl Curling Iron

Model No.: RS-6053

- AC 100-240V 50/60HZ 40W
- PTC Heating System
- 160-180-200 °C (+/-5 °C) , Digital Temperature Display, Heating up time 30s 180 °C, Temperature Memory Function
- Ceramic Tourmaline Coating Barrel, 130*25.4mm, with Anti-Slip Clamp
- Ionic Technology for Frizz Reduction, 100M/cm³
- User Interface: Click Button for ON/OFF and temperature Switch
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Good Finish, lightweight design, PA66 Handle Material
- 313*35.5*72mm 285g
- 360 swivel Power cord 2*0.75mm²

Rayсен FLOWWAVE Series

Model No.: RS-605X

- AC 100-240V 50/60HZ 40W
- PTC Heating System
- 140-160-180-200-220 °C(+/-5 °C), Digital Temperature Display, Heating up time 30s 180 °C, Temperature Memory Function
- Ceramic Tourmaline Coating Barrel, 130*25.4mm, with Anti-Slip Clamp
- Ionic Technology for Frizz Reduction, 100M/cm³
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Good Finish, lightweight design, PA66 Handle Material
- 313*35.5*72mm 285g
- 360 swivel Power cord 2*0.75mm²

Raysen FLOWWAVE Series

Model No.: RS-605X

- AC 100-240V 50/60HZ 40W
- PTC Heating System
- 140-160-180-200-220 °C (+/-5 °C), Digital Temperature Display, Heating up time 30s 180 °C, Temperature Memory Function
- Ceramic Tourmaline Coating Barrel, 130*25.4mm, with Anti-Slip Clamp
- Ionic Technology for Frizz Reduction, 100M/cm³
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Good Finish, lightweight design, PA66 Handle Material
- 313*35.5*72mm 285g
- 360 swivel Power cord 2*0.75mm²

Mimi Volumizing Hair Flat Iron

Model No.: GPF-005C

- AC 100-240V 50/60HZ 17W
- PTC Heating System
- 200 °C (+/-10C) , LED Indicator, Heating up time 150s 195 °C
- Ceramic Tourmaline Coating plate, 70*9mm
- User Interface: slip Button for ON/OFF
- Safety Design: NTC over heating Protection, Anti-Burn Housing
- With Plate Lock function
- 190*20.5*28mm 140g
- NO swivel Power cord 2*0.5mm² 1.5M

Mini Crimping Iron

Model No.: GPF-005D

- AC 100-240V 50/60HZ 22W
- PTC Heating System
- 200 °C (+/-10 °C) , LED Indicator, Heating up time 30s 200 °C
- Ceramic Tourmaline Coating plate, 70*17mm
- User Interface: slip Button for ON/OFF
- Safety Design: NTC over heating Protection, Anti-Burn Housing
- With Plate Lock function
- 190*20.5*28mm 140g
- NO swivel Power cord 2*0.5mm² 1.5M

Raysen Hollow Flat Iron

Model No.: QWF-398A

- AC 100-240V 50/60HZ 48W
- PTC Heating System
- 120-230 °C (+/-10 °C), 12 level Temp. Setting, Digital Temperature Display, Heating up time 25s 160 °C, 30S 180 °C, 40S 200 °C Ceramic Tourmaline Coating Plate, 110*25.4mm
- Ionic Technology for Frizz Reduction optional
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Plate Lock Function,
- 325*30*42mm ,354g
- 360 swivel Power cord with hange Loop, 2*0.5mm2 2M

Raysen Hollow Flat Iron

Model No.: QWF-398A

- AC 100-240V 50/60HZ **48W**
- PTC Heating System
- 120-230 °C (+/-10 °C), 12 level Temp. Setting, Digital Temperature Display, Heating up time 25s 160 °C, 30S 180 °C, 40S 200 °C Ceramic Tourmaline Coating Plate, 110*25.4mm
- Ionic Technology for Frizz Reduction optional
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection, Anti-Burn Housing, cool touch Housing
- Ergonomic Design: Plate Lock Function,
- 325*30*42mm ,354g
- 360 swivel Power cord with hange Loop, 2*0.5mm² 2M

Wide Plate Flat Iron

Model No.: QWF-128

- AC 100-240V 50/60HZ 90W
- PTC Heating System
- 100-230 °C(+/-10°C), 13 temperature levels, Digital Temperature Display, Heating up time 210s 230 °C Ceramic Tourmaline Coating Plate, 120*56mm,
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection,
- 340*60*45mm 500g
- 360 swivel Power cord 2*0.5mm2 2M

Infrared Flat Iron

Model No.: QWF-988B

- AC 100-240V 50/60HZ 80W
- MCH Heating System
- 100-250 °C (+/-10 °C), 15 levels Temp. Settings, Digital Temperature Display, Heating up time 50s 180 °C Ceramic Tourmaline Coating Plates, 105*38mm
- Ionic Technology for Frizz Reduction optional;
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection,
- Ergonomic Design: Plates Lock
- 325*43*38mm 430g
- 360 swivel Power cord with hang loop 2*0.5mm2

Airflow Volumizing Flat Iron

Model No.: QWF-529

- AC 100-240V 50/60HZ 42W
- PTC Heating System
- 100-220 °C (+/-10 °C), Default Temperature 180 °C , 11 temp. settings, Digital Temperature Display
- Ceramic Tourmaline Coating Plates, 96*10mm
- User Interface: Separate Click Button for ON/OFF and temperature Switch and Air ON/OFF
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection,
- Ergonomic Design: Plates Lock
- 340*34*35mm 280g
- 360 swivel Power cord with hang Loop 2*0.5mm2

Mini Size Full Function Flat Iron

Model No.: QWF-658

- AC 100-240V 50/60HZ 18W
- PTC Heating System
- 120-140-160-180-200 °C (+/-10 °C), 68s to 180 °C , Digital Temperature Display
- Ceramic Tourmaline Coating Plates, 60*16mm
- User Interface: Separate Click Button for ON/OFF and temperature Switch Safety Design: Auto Shut-off after 60mins, NTC over heating Protection,
- Ergonomic Design: Plates Lock
- 250*20*29mm 180g
- 360 swivel Power cord with hang Loop 2*0.5mm2

Real Infrared Triple Curler

Model No.: QSC-728

- AC 100-240V 50/60HZ 150W
- PTC Heating System
- 110-210 °C (+/-10 °C), 11 Temperature Level, LCD Temperature Display, Heating up time 180s 210 °C, 120S to 180 °C Ceramic Tourmaline Coating Barrel, 137*32mm, total heating barrel 137*120mm
- User Interface: Separate Click Button for ON/OFF and temperature +/-
- Safety Design: Auto Shut-off after 60mins, NTC over heating Protection,
- Real Infrared Triple Barrel Hair Curler
- Size 400*120*70mm, Weight 680 g
- 360 swivel Power cord 2*0.5mm² 1.8m

Infrared Thermal Brush

Model No.: QSTB-106

- AC 100-240V 50/60HZ 55W
- PTC Heating System
- 200 °C (+/-10 °C), LED Temperature Indicator, Heating up time 300s 200 °C,
- Ceramic Tourmaline Coating Barrel, 105*45mm
- User Interface: One Click Button for ON/OFF
- Safety Design: NTC over heating Protection
- 380*55*55mm 270g
- 360 swivel Power cord 2*0.5mm² 1.8M
